## From the Chairman's desk

A large number of schools exist in our country and many new schools are coming up every year. All the schools are trying their best to give quality education. The school education in India is undergoing a complete transformation. Due to the changing life style of the society, increased work pressure in the office, nuclear family structure and many other similar factors the parents always remain under a lot of pressure and fail to devote required amount for their wards. In stead of providing the right kind of attention, time and care, for the holistic development of their children the parents provide them with all kinds of luxury to show their love and thereby make their wards crippled and physically unfit. The children of today get very less time and scope for sports and games. The parents concentrate their attention, mostly for the academic improvement of their wards and neglect the other important aspects of education which help the children to inculcate moral, ethical and spiritual values.

Realizing the importance of these values AGPN SCHOOLS have been set up at the sacred and serene confluence of River Kansai and peaceful soil of Purulia to take proper care of all the learning needs of the children covering all aspects of education. The school is a step towards revival of our ancient gurukul system. The children at AGPN SCHOOLS will grow in open air in harmony with nature. They will get ample scope and opportunity for the fullest expression of their hidden talents. The stress free environment under proper guidance of our trained and mentors will help the students develop an impressive personality with right kind of character, leadership ability and business acumen. The educational system and training at AGPN SCHOOLS will find its roots developed in line with the Vedic Values and flowers of the system will reflect a proper blending of educational ideas and ideology taken from Swami Dayanand Saraswati, Mahatma Gandhi, Sri Aurobindo and Gurudev Shri Rabindra Nath Tagore, The students at AGPN SCHOOLS will be trained in such away that they will not only remain happy and highly motivated but also keep their surrounding happy and motivated. The stress free educational environment at AGPN SCHOOLS will build the students as world leaders and high achievers. The investment of parents on their wards at AGPN SCHOOLS will give many fold returns in the years to come and our parents will be proud to have such a school for the holistic development of their wards.

# THE SAILENT & KEY FEATURES OF SCHOOL MANAGEMENT SYSTEM

- Study with audio & visual effects. 18 smart classrooms.
- Calm, clean and hygienic environment.
- Indoor games
- Round the clock security
- Stationery and Canteen available in the school campus
- Medical care for students
- Art and craft room
- Attractive Computer Classes fully AC.
- Ample exposure to games, English Conversation. (Spoken English class)
- Music, Yoga, Meditation and Karate classes.
- Remedial classes for slow learner.
- Digital teaching method (Smart Class)
- Personality development and community skills.
- Skilled teaching and experienced faculty.
- Entire campus equipped with CCTV for monitoring and Supervision.

## OUR MISSION

### ACCESSIBILITY

Every child must have a school within the comfortable radius of their home with provision of a reliable transport network.

### ECONOMY

Every child has the right to affordable education. AGPN is known for its equitable policy on fee structuring.

### EQUALITY

Irrespective of gender or caste, economic status or religion - every child has the right to avail a good school. AGPN has set a benchmark in twenty years for others to follow and imbibe.

## QUALITY

Every child has the right to quality education, as upheld by the Constitution of India and our Founders' Vision. The education we impart at AGPN is a fine blend of child-centric pedagogy and the changing world requirements.

## SAFETY

We follow the strictest security protocol and safety drills to ensure that your child is nurtured in a safe school environment

## FROM CRADLE TO CLASSROOM

### ACADEMICS

We follow the guidelines and directives laid down by the CBSE. It is our endeavour to follow the National Curriculum Framework (2005) and its guiding principle 'LEARNING WITHOUT BURDEN'.

### PRE-PRIMARY (PLAY – NURSERY)

The early years of a child are important for their all-round growth and development. We have carefully curated a curriculum consisting equal balance of academics and activities to develop the skills necessary for a successful and happier future. It carefully hones their social-emotional development whilst building their language and communication skills; it also aids in nurturing early mathematical skills along with generating creativity and curiosity. All these attributes are well packaged with ensuring the physical wellness and developing mental vigour of the children.

We encourage participation by parents and guardians in this learning process, ultimately a happy and wholesome education is our joint effort.

# THE FOUNDATION OF SUCCESS

## PRIMARY SCHOOL (LKG-IV)

The Primary School is the next stage in the child's education. It is crucial as this is when children step into the world of formal academics and school life. At AGPN we have created a balanced curriculum, imparted by trained and qualified teachers, wherein our students learn about their roles, responsibilities and place in society. They develop creative thinking abilities and master independent learning skills – Critical Thinking, Information Technology, Numeracy & Self-Management.

Physical Education, Art & Craft, Music & Dance are some of the co-scholastic activities carefully carved in their routine. Our students are exposed to their responsibility towards the environment and a happy, sustainable living.

## EXPLORATION & DISCOVERY

### MIDDLE SCHOOL (V-VIII)

By this stage our students are able to explore and understand their world; they would have established own will and aptitude for facing hurdles in life. At AGPN , decades of experience has led to develop a well-rounded curriculum with methodical and careful inclusion of academics & co-curricular activities best suited for young minds to grow.

We encourage scientific aptitude, critical thinking and problem solving skills keeping it at balance with curiosity, creativity and outside-the-box thinking. Our students develop effective communication skills, cultural competence and hands on learning hones the skills required for their current life and one beyond the school life.

# BRIDGE TO THE WORLD

## SENIOR SCHOOL (IX-XII)

The Senior School represents the final juncture of formal schooling and the learning experiences at this stage become vital for the child's future, further studies and their careers. At AGPN, we are committed to provide high quality and methodical academic inputs to assist every student to achieve their personal best. The co-scholastic activities are carefully planned helping our students grow in all spheres while pursuing their goal.

Our students go through counselling and career assistance programs so they can make the right choices for them, aligned with their aptitude and interests.

These years are crucial for any child, given this at AGPN we provide ample opportunity for our students to explore their interest area(s) and grow with it. Ultimately, young adults today are the future of tomorrow and a happy and rewarding life is what we all aspire for.

# CO-SCHOLASTIC ACTIVITIES

## BEYOND THE CLASSROOM

Holistic education includes giving the child opportunities to blossom in areas of their interest. Music, drama, public speaking and sports are part of the Institute's regimen. The AGPN student has a well-rounded personality owing to adequate exposure to all disciplines of the co-scholastic domain.
